

LASE measurements and status

Submitted by **Syed Ismail** on Wed, 08/18/2010 - 09:00

- **LASE**

Flight Date:

Tuesday, August 17, 2010

Sortie Number:

006

LASE worked very well during this flight. Collected water vapor, aerosol, and cloud distribution data. saw very low aerosol loading in this flight. Dropsonde will be very useful for comparisons.

Status:

Green
