

Data collection status

Submitted by patrick.gatlin on Wed, 04/20/2011 - 22:39

- [APU](#)

Flight Date:

Wednesday, April 20, 2011

Status:

Green

All 16 APUs are now collecting data. Some updates will be made tomorrow to remove some un-needed cron jobs causing the Parsivel software to hang at 6am every day. Also, each APU site will be visited tomorrow to make final checks.

Status:

APU01: Parsivel collecting data ; rain gauges collecting data; remote comms working

APU02: Parsivel collecting data ; rain gauges collecting data; remote comms working

APU03: Parsivel collecting data ; GSFC rain gauges awaiting data logger modification ; remote comms working

APU04: Parsivel collecting data ; GSFC rain gauges awaiting data logger modification; remote comms working

APU05: Parsivel collecting data ; GSFC rain gauges awaiting data logger modification; remote comms working

APU06: Parsivel collecting data ; GSFC rain gauges awaiting data logger modification; remote comms working

APU07: Parsivel collecting data ; GSFC rain gauges awaiting data logger modification; remote comms working

APU08: Parsivel collecting data ; rain gauges collecting data; remote comms working

APU09: Parsivel collecting data ; rain gauges collecting data; remote comms working

APU10: Parsivel collecting data ; rain gauges collecting data; remote comms working

APU11: Parsivel collecting data ; rain gauges collecting data; remote comms down

APU12: Parsivel collecting data ; rain gauges collecting data; remote comms working

APU13: Parsivel collecting data ; rain gauges collecting data; remote comms working
