

May 15 Mission Science Report

Submitted by larrycarey on Mon, 05/16/2011 - 10:48

Flight Date:

Sun, 05/15/2011

ER-2 and Citation are hard down.

See 05/14/2011 report for instrument status. No change.

Forecast indicates more active, wet weather period coming up later this week with multiple potential mission opportunities likely.
